

JULIAN CORREA SIERRA

Computer Engineer and Senior Front-End Developer

julian-jcs14@hotmail.com | +573195328292 | Medellin - Colombia

Portfolio: <https://web-portafolio-co.vercel.app/>

SUMMARY

Senior Front-End Engineer and Computer Engineer with over 6 years of experience building scalable, high-performance web and mobile applications. Specialized in architecting intuitive user interfaces with React, Next.js, Angular, React Native, Expo, and Flutter, complemented by solid backend integration experience using NestJS, Node.js, and MongoDB. Proven track record in state management, UI/UX optimization, and clean code architecture. Adept at working in Agile (Scrum) environments with Git workflows, driving end-to-end product delivery focused on quality and user impact.

WORK EXPERIENCE

SENIOR INDEPENDENT FRONT-END DEVELOPER

Nov 2020 - Jan 2025

INNVENTA SOFTWARE TECHNOLOGY

- Engineered high-performance web and mobile solutions for enterprise clients using Angular, React, Ionic, Flutter, Web3 technologies, and PHP.
- Refactored modular front-end architectures, improving web performance, bundle size, and Core Web Vitals across multi-tenant applications.
- Collaborated closely with cross-functional agile teams using Git/GitLab/GitHub, enforcing code reviews, automated testing, and scalable UI engineering standards.

SENIOR FRONT-END DEVELOPER

Jan 2025 - Jul 2026

BETY

- Architected and shipped scalable cross-platform web and mobile applications tailored to client specifications using React Native, Expo, Next.js, and Flutter.
- Designed and integrated client-side architectures with NestJS and Node.js backends, defining clean API contracts, secure authentication flows, and state management strategies.
- Managed end-to-end project lifecycles under Scrum methodologies, leading technical discussions, Git repository management, and code deployments.

EDUCATION

COMPUTER ENGINEERING

Jan 2017 - Mar 2023

Corporación Universitaria Unisabaneta

MULTIMEDIA UI/UX

2016

SENA: Servicio Nacional de Aprendizaje

LANGUAGES

Spanish: Native

English: Intermediate

KEY SKILLS

- Front-End & Mobile: React, Next.js, React Native, Expo, Angular, Flutter, Vue.js, Ionic, TypeScript, JavaScript (ES6+), HTML5, CSS3/Sass.
- Backend & Databases: NestJS, Node.js, PHP, MongoDB, Mongoose, RESTful APIs, WebSockets, Micro-services architecture concepts.
- Tools, DevOps & Practices: Git, GitHub, GitLab, Scrum / Agile Methodologies, CI/CD Pipelines, UI/UX Best Practices, Web Performance Optimization.
